

Nokia C2 Tava

Features & Specifications

cricket
wireless

Device highlights

- 5.45" HD+ display with protective glass
- Get more done with quad-core processing power, 32GB ROM and 4G LTE speeds
- Capture amazing content with the dual rear 8 MP + 2MP camera, full HD video record and 5 MP front camera with flash
- The 3000mAh battery keeps you going longer with 2-day battery life¹.

Multimedia & data

- Download apps, games, & more from the Google Play™ Store
- Mobile Hotspot to share your phone's data connection with a computer or other compatible wireless device
- Watch YouTube™ videos or upload your own
- Share life's moments with text, picture, and video messaging

Voice & audio

- HD Voice for crystal clear conversations²
- Google Assistant built in. It's your own personal Google, always ready to help. You can ask it questions. And tell it to do things.

Camera & video

- 8MP + 2MP dual-rear camera with depth-sensing technology snaps beautiful portraits of friends and family that you'll want to share.
- With Portrait Mode, have your subject pop out of the picture by creating a beautifully blurred background. You can shape the background blur with styles, like Classic, Star, Heart, Butterfly, Flake and water Drop, for professional and artistic looking results.
- Use the 5MP front camera with Portrait mode and a dedicated LED flash for next level selfies and better-quality video calls at night.

Tools & productivity

- Face Unlock lets you conveniently unlock your device by simply looking at the display.
- An incorporated Google Assistant³ Button gives you access to all types of information faster than ever.
- Adaptive Battery - Go further on a single charge. Adaptive Battery learns how you personally use your device, and prioritizes battery power for apps and services you care about.
- Store pictures, videos, and apps on a microSD Card (up to 128 GB)
- Add your favorite widgets and app shortcuts to your home screens for quick access
- Get there on time with Google Maps™ and its voice navigation assistance

Cricket services

- Pre-loaded with myCricket, theSCOOP and Cricket Visual Voicemail

Accessories included

- Power adaptor
- USB Type-C data cable

¹The 2-day battery testing was conducted using a real-life usage test by HMD Global. The test included active usage of a device for 5 hours per day with a new battery. Usage included e.g. gaming, video streaming, calling, sending SMS, browsing and using apps (such as social media, news, navigation and music). The test was conducted with normal device settings in a lit indoor environment. The device was left on standby overnight. Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced. ²To experience Cricket HD Voice, both callers must have a compatible HD Voice capable smartphone and make the call over Cricket's LTE Network or a compatible network. Cricket's LTE coverage is not equivalent to its overall network coverage. HD Voice calls made on a compatible device and on the LTE network may not experience an HD Voice connection at times of network congestion. Other carriers' networks may interoperate with Cricket's LTE network to support an HD Voice call. ³The Google Assistant is not available in certain languages and countries. Where not available the Google Assistant is replaced by Google Search. Check availability at <https://support.google.com/assistant>. ⁴Pre-installed system software and apps use a significant part of memory space.
